Introduction

This document summarises the cover offered by Activities Industry Mutual Limited. This cover is primarily designed for individuals and businesses in the activity industry sector who want to protect their assets and/or liabilities. You may not have chosen all the cover we offer.

Please read our Cover Wording and your Certificate of Entry and Schedule to understand exactly what you are and are not covered for and the conditions and exclusions that apply to your cover.

You can find the Cover Wording at <https://www.activitiesindustry mutual.co.uk/our-products/cover-wordings/>

It is very important that you always act as if you did not have this cover. For example, you must, at your own expense, take reasonable precautions to:

- keep your premises and contents safe and in good condition;
- prevent or minimise any damage, theft, loss, injury, accident, illness or disease and prevent death;
- avoid interruption to or interference with your business

and you must:

- choose competent and trustworthy employees;
- comply with any statutory or other regulations that apply to any part of your cover.

You must make sure that you repair or remedy any defect in property included in this cover as soon as you find it. In the meantime, you must take or arrange for any extra precautions needed to remove or minimise the danger or prevent more damage.

Claims

If you need to make a claim, or if something happens that might lead to a claim you must:

- tell us as soon as you can and follow this up with written support for your claim as soon as possible;
- notify the police about theft or malicious damage as soon as possible;
- tell us as soon as you know about any legal proceedings;
- provide us with details of any insurance policies you may have which may also cover the incident.

You can tell us about a claim:

- online at <https://www.activitiesindustry mutual.co.uk/claims/>
- by telephone
 - Monday to Friday 9.00am to 5.30pm **01892 888423**
 - at all other times and on bank holidays **01424 850 333**

If **you** make a claim by telephone, **we** will ask **you** to explain what has happened and how and when it happened.

When **you** make a claim, **we** will ask **you** to give **us** documents to support the claim. It is a good idea to keep receipts, valuations, photographs, instruction booklets and guarantee documents as these will help to show **you** own the lost or **damaged** items and their value.

Please email or telephone **us** if **you** need any help filling in the online claim form or if **you** have any queries about **your** claim.

Please refer to the Cover Wording sections on How to Claim and Claims Conditions

Exclusions

Each cover Section and most parts of each cover Section have their own exclusions. There are also some exclusions which apply to the whole of your cover. These are:

- any liability under a contract unless that liability would have attached if the contract had not been in place;
- nuclear risks and ionising radiation;
- anything that happens before a retroactive date shown on your Schedule;
- coronavirus or any similar virus;
- cyber risks;
- deliberate acts and illegal activities (except if covered under Section 7 Dishonesty of employees);
- the excess you have to pay;
- terrorism;
- war.

You can find full details in the General Exclusions Section of the Cover Wording. Some general exclusions do not apply to Employers' liability cover.

Fire and security conditions

If you have fire protection or extinguishing appliances at your premises, they must be inspected and serviced regularly and properly maintained, and there must be ready access to water supply controls. A fire alarm and sprinkler system must be tested weekly and always kept switched on.

If you have an intruder alarm at the premises it must have an annual maintenance contract. The alarm must always be switched on when you are closed for business.

When the premises are closed for business or unattended:

- all keys relative to the security of the premises, including those to safes or strongrooms, must be removed from the premises;
- all locks, bolts and other protection devices must be operational.

Please see the full details of the Fire and security conditions and the Unoccupied buildings conditions in Section 1 of the Cover Wording and the Alarms systems conditions in Section 3.
